

# TheatreWorks

SILICON VALLEY

## DESIGN AND PRODUCTION PROFESSIONALS

### Summary:

We hire scenic, costume, lighting and sound designers for all of our shows. We also hire Equity and non-equity Stage Management, as well as a full complement of backstage crew. Lastly, to supplement the efforts of our on-staff shop, craft, and production professionals, TheatreWorks often hires overhire, from carpenters and painters to property fabricators, costumers, electricians, and other theatre craftspeople. Shop and craft specialists construct and install all scenic elements, help maintain shop and rehearsal facilities, and assist in striking and recycling scenic materials. Successful candidates will have experience in professional shop practices, woodworking, and steel fabrication, with proficiency in common theatrical construction techniques.
